

HUGHES TALKS TO BROWN "GRADS"

Says American Spirit is Expressed by Men Who Believe in Something.

PROVIDENCE, R. I. June 22.—Charles E. Hughes, republican presidential nominee, Wednesday told the graduating class and alumni of Brown university that the American spirit was not to be fed in the class room by such nice balancing that conviction was not to be expressed "by men who have thought it all out and finally believe in something."

"And in that spirit," he continued, "this is not a political occasion, but it is only fair that I say this informal word to you: I had never expected to be in this position. I dreaded the responsibilities for I know full well the problems that are before us. I know full well the problems that will confront us in America after this war shall end. I know all the constructive power we possess must be drawn upon to meet them, and I am here with such powers as I possess to be placed if they are desired, at the disposal of our country."

Sec'y Lane speaks.

Before making his address the nominee had listened to a speech on "The Spirit of America" by Sec'y of Interior Lane. Mr. Lane said that "and lugubrious declarations in New England newspapers that Americans were losing their national spirit and becoming soft, self fed and weaklings," had pained him; that the American spirit of achievement was as strong today as ever and that there had been no weakening in national spirit or lowering of national ideals since the birth of the republic. The nominee took up the train of thought.

"I am here," he said, "as a member of the class of '81—a class once called the smallest and sorriest in college. We did not have in those days the things you have now. We did not have a swimming pool, a gymnasium, magnificent dormitories. I don't believe we had a whole pane of glass in most of the dormitory windows. Why, talk about the American spirit—that's what kept us warm. That's what kept us alive. That's the reason we are here."

Speaks On Traditions.

"When I come back to Brown, I am not thinking of buildings as my shrine. I am thinking of men, college men, warm blooded, true hearted American men, having freedom of speech and freedom of discussion, men having the capacity of democracy to deal with problems which our democracy is now facing and must settle."

Mr. Hughes' address, intended for the men of Brown university, was devoted almost wholly to Brown traditions and to recalling incidents of 35 years ago when he attended the university.

"I merely want to say this informal word to you," he said, "that as an old graduate, for I am here only in that character, I wanted a draught from the old spring before I plunged into the fight."

FEDERAL EMPLOYEES TO GET PAY FOR 45 DAYS

WASHINGTON, June 21.—Government employees who enlist with the national guard for Mexican border service will receive pay for at least 45 days of their absence, according to an opinion by the attorney general Wednesday. It was said no plan probably could be worked out whereby they could receive pay for their full period of enlistment without a special act of congress. Section 50 of the new army bill provides for a 15-day leave for military training. In addition to this 30 days' annual leave with pay is provided for government employees.

Why are so Many People Losing Their Hair?

That is a simple question to answer. How can you expect a hair to grow through a hair cell if the hair cell is completely stopped up? Would you expect a plant to grow in a flower pot if the top of the pot was sealed up?

Your head, everybody's head, has approximately 175,000 hair cells. If one half or two thirds of these cells are stopped up, how can you expect a luxuriant growth of hair?

EVERY WEEK ANTI-SEPTIC OIL SHAMPOO opens these hair cells. It dissolves the dandruff, (dry or oily) and promotes the growth of the hair.

It lathers freely and thoroughly cleanses the hair and scalp. To keep the hair in best condition, men and children should have an oil shampoo every week, women, every other week.

Every Week Anti-Septic Oil Shampoo is sold for 50¢ per bottle by Otto C. Bastian, Landon's Drug Store, Wetzel's, American Drug Co., Conner's Drug Store and other dealers in drugs and toilet articles.—ADV.

HEIRESS DRUGGED AND HELD PRISONER CHARGE

Claims She Was Forced to Sign Away Certain Rights in Estate.

NEW YORK, June 22.—Charges that Miss Gertrude Claypoole, niece and heir to one-fifth of the \$10,000,000 estate left by John W. Bookwalter, of Columbus, Ohio, has been drugged, held as a prisoner in a Newark hotel and forced to sign away certain of her rights in the estate, were laid before District Attorney Edward Swann Wednesday. The complaint was made by Judge J. M. Sheets of Columbus, Miss Claypoole's attorney as an outgrowth of a contest over the estate.

According to the charges, Miss

Claypoole, who is 42 years old, was taken from her hotel here to the office of an attorney by a woman who administered drugs to her and at the attorney's office was induced to sign a revocation of a power of attorney she had given a lawyer and also a revocation of a will.

Miss Claypoole was then taken, she asserts, to a hotel in Newark where she was held a virtual prisoner for two days. Her friends traced her there, they say, and telephoned the woman who accompanied her that unless Miss Claypoole was restored to them within 24 hours they would notify the police. At 3 o'clock the following morning according to the story, a woman friend of Miss Claypoole in New York was called to her door by a taxicab driver, who said he had a "woman to deliver." Miss Claypoole was in the bottom of the taxicab clothed only in her night clothes. She al-

leged she had been carried down 11 stories on the hotel fire escape.
